**\*DOG CONTROL REPORT;** Dallyn Jenkins- Adoptions have been phenomenal, for the first time 20 years, there are less than 100 cats at the shelter. Normal dog intake is 800-900 yearly, this year they only took in 500. This month they paid off the mortgage and for the first time are solvent. Only one concern; they are starting to take in animals from owners who are surrendering them due to financial difficulty.
